OUR BIGGEST ADVANTAGES?

EXPERTS IN ACCESSORIES

For us, accessories are much more than just additions to the devices. We are dedicated to the mission of improving work efficiency and protecting our clients equipment.

FLEXIBLE B2B PARTNER

Looking for unusual or custom-made accessories? Our R&D department loves new challenges and will be happy to develop unusual solutions for your company.

MADE LOCALLY

We manufacture most of our products locally. It makes the process of developing new products much faster and keep products quality easy to control.

NO COMPROMISES

We use carefully selected materials to guarantee the durability and reliability of our accessories. Our textiles come from renowned Italian producers.

TO WHICH WE HAVE
DELIVERED OUR PRODUCTS

WE SHIP **WORLDWIDE**

OEMprotector supplies protective accessories for many businesses in Europe, North & South America, Asia and Africa. Let's protect your devices too!

CUTTING EDGE TECHNOLOGY

To deliver high-quality products we use up-to-date technologies such as automatic sewing machines or high-precision laser cutters. Selected products and parts are hand-made to guarantee an excellent finish.

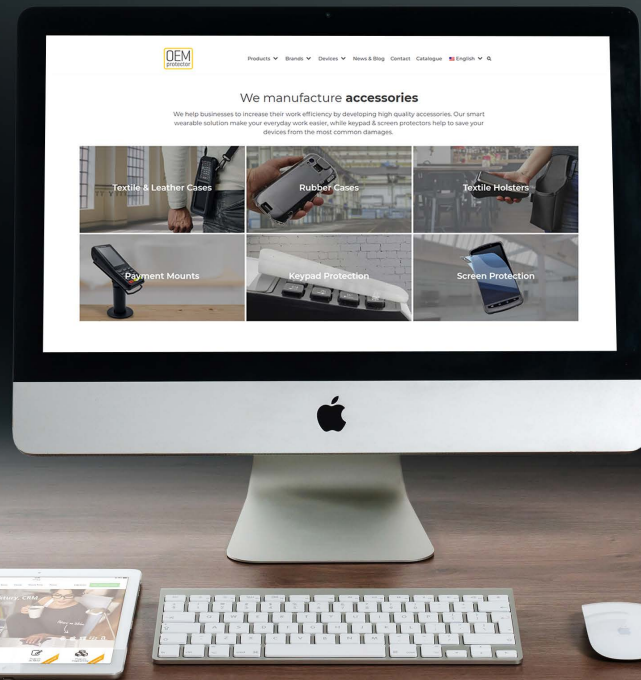

PROUDLY MADE IN POLAND

Most of our products are manufactured locally – in northern Poland (Europe). Being so close to our factories allows us to constantly monitor products quality, shorten a shipping time, and to develop new products faster.
